

Narwhal Art Projects, Invisible-Friends.com and friends are excited to host *Toronto Hearts Japan*, a fundraiser for our far-away loves. Our hearts have been broken by news of devastated towns and people separated from their homes and families, and we want to help. This event lets all of us who feel a special connection to Japan lend a hand in our own way. All proceeds will be donated to The Red Cross and to helping rebuild the Birdo Flugas Artist Centre and Community in Shiogama.

Toronto Hearts Japan is an exhibition, silent auction, and two (count them!) parties at the beloved Gladstone Hotel (with DJ Paul E. Lopes and DJ Jun). Featuring works from local to international artists (and other surprises too), everybody can find a way to offer our hearts to Japan and help them soldier on.
